

COOKIE POLICY

Last updated August 20, 2020

This Cookie Policy explains how our company ("**Company**", "**we**", "**us**", and "**our**") uses cookies and similar technologies to recognize you when you visit our ecommerce website ("**Website**"). It explains what these technologies are and why we use them, as well as your rights to control our use of them.

In some cases we may use cookies to collect personal information, or that becomes personal information if we combine it with other information.

What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by website owners in order to make their websites work, or to work more efficiently, as well as to provide reporting information.

Cookies set by the website owner are called "first party cookies". Cookies set by parties other than the website owner are called "third party cookies". Third party cookies enable third party features or functionality to be provided on or through the website (e.g. like advertising, interactive content and analytics). The parties that set these third party cookies can recognize your computer both when it visits the website in question and also when it visits certain other websites.

Why do we use cookies?

We use first and third party cookies for several reasons. Some cookies are required for technical reasons in order for our Website to operate, and we refer to these as "essential" or "strictly necessary" cookies. Other cookies also enable us to track and target the interests of our users to enhance the experience on our Online Properties. Third parties serve cookies through our Website for advertising, analytics and other purposes. This is described in more detail below.

The specific types of first and third party cookies served through our Website and the purposes they perform are described below (please note that the specific cookies served may vary depending on the specific Online Properties you visit):

How can I control cookies?

You have the right to decide whether to accept or reject cookies. You can exercise your cookie rights by setting your preferences in the Cookie Consent Manager. The Cookie Consent Manager allows you to select which categories of cookies you accept or reject.

Essential cookies cannot be rejected as they are strictly necessary to provide you with services.

The Cookie Consent Manager can be found in the notification banner and on our website. If you choose to reject cookies, you may still use our website though your access to some functionality and areas of our website may be restricted. You may also set or amend your web browser controls to accept or refuse cookies. As the means by which you can refuse cookies through your web browser controls vary from browser-to-browser, you should visit your browser's help menu for more information.

In addition, most advertising networks offer you a way to opt out of targeted advertising. If you would like to find out more information, please contact us.

About WordPress cookie, you can visit this website:
<https://wordpress.org/support/article/cookies/>

The specific types of first and third party cookies served through our Website and the purposes they perform are described in the table below (please note that the specific cookies served may vary depending on the specific Online Properties you visit):

Essential website cookies:

These cookies are strictly necessary to provide you with services available through our Website and to use some of its features, such as access to secure areas.

Name: PHPSESSID

Purpose: Allows the website to use session id to identify this session.

Provider: Our ecommerce website

Service: PHP SESSION

Type: http_cookie

Expires in: Session

Name: wordpress_logged_in_[hash]

Purpose: This cookie holds the logged in user info such as when you are logged in, and your username.

Provider: WordPress.org

Service: Save logged in user info

Type: http_cookie

Expires in: When user logs out

Purpose: This cookie holds the logged in user info such as when you are logged in, and your username.

Provider: WordPress.org

Service: Save logged in user info

Type: http_cookie

Expires in: When user logs out

Performance and functionality cookies:

These cookies are used to enhance the performance and functionality of our Website but are non-essential to their use. However, without these cookies, certain functionality (like videos) may become unavailable.

Currently we do not have any performance and functionality cookies.

Analytics and customization cookies:

These cookies collect information that is used either in aggregate form to help us understand how our Website are being used or how effective our marketing campaigns are, or to help us customize our Website for you.

Name: _ga

Purpose: It records a particular ID used to come up with data about website usage by the user. Website owner can choose to use or not use this cookie.

Provider: Our ecommerce website

Service: Google Analytics [View Service Privacy Policy](#)

Purpose: Used to distinguish individual users by means of designation of a randomly generated number as client identifier, which allows calculation of visits and sessions. Website owner can choose to use or not use this cookie.

Provider: Our ecommerce website

Service: Google analytics [View Service Privacy Policy](#)

Country: United States

Type: http_cookie

What about other tracking technologies, like web beacons?

Cookies are not the only way to recognize or track visitors to a website. We may use other, similar technologies from time to time, like web beacons (sometimes called "tracking pixels" or "clear gifs"). These are tiny graphics files that contain a unique identifier that enable us to recognize when someone has visited our Website or opened an e-mail including them. This allows us, for example, to monitor the traffic patterns of users from one page within a website to another, to deliver or communicate with cookies, to understand whether you have come to the website from an online advertisement displayed on a third-party website, to improve site performance, and to measure the success of e-mail marketing campaigns. In many instances, these technologies are reliant on cookies to function properly, and so declining cookies will impair their functioning.

How often will we update this Cookie Policy?

We may update this Cookie Policy from time to time in order to reflect, for example, changes to the cookies we use or for other operational, legal or regulatory reasons. Please therefore re-visit this Cookie Policy regularly to stay informed about our use of cookies and related technologies.

The date at the top of this Cookie Policy indicates when it was last updated.

Where can you get further information?

If you have any questions about our use of cookies or other technologies, please contact us.
